DETAILED ACTION

This Office action is responsive to communication received 11/18/2005 –
Amendment.

Examiner's Comments

It is noted that applicant's amendment of 11/18/2005 includes a notation that claim 1 has been amended to correct an objection that was set forth in the last Office action, mailed 11/15/2005. Specifically, it was noted in the last Office action that the term --a-- should follow "having" in claim 1, line 3. Despite the applicant's use of the status identifier "Currently Amended" in describing claim 1, it would appear that the applicant has failed to provide the proper underlining, as required under 37 CFR §1.121, but has at the same time made the necessary correction. Nevertheless, the amendment appears to now clearly and accurately present the necessary language in claim 1. No further action or explanation is necessary.

Upon further review, it is noted that a portion of the IDS, submitted 09/16/2004, was not acknowledged in the last Office action due to an inadvertent oversight. Thus, the remaining portions of the IDS of 09/16/2004 have been considered and initialed. A copy is provided with this Office action.
